

Marilla/ Drusilla

Come with me and you will never be powerless!  
Drink of this blood, eat of this body-  
And your struggles will be over!  
If the choice is  
Consume or be consumed...  
Fee fi fo fum!  
We are kinder than our husband, mortal.  
You shall not suffer long.  
Shhhhhhhh.  
It's your own fault, darling.  
Coming in here-  
Dressed like that-  
Looking so good!  
Don't you want us to make you feel  
Like the big strong man you are-  
You know you want it.  
Give it up now-  
Give in to us-  
GIVE IT-
