

MINA

You can't hurt her, she's sick!
Wait, Van Helsing, wait! Let me try!

(To Renfield) -Hello, Renfield- remember me?
You're quite safe, I promise.
Renfield- Renfield, please- I want to talk about- the vampire.

Do forgive me- my- ignorance.
Can you educate me?
-I-I could be ready- to- to join his- cause.

You said you needed his forgiveness. What have you done wrong?
There, there- all right.
Tell me where I can find him, Renfield-
And I will give him what he is due.

You said your husband was a bad man.
And this creature happened to save you, but that doesn't mean
he is your savior. Maybe you don't have to obey anyone. Perhaps
you can heal- and free yourself.
