The Department of Theatre and Dance is committed to providing leadership in the attainment of equal opportunity for all persons regardless of race, religion, sex, national origin, handicap or other legally protected classification.
Scholarship Applicants

To apply for a scholarship, begin by submitting in advance: a) two (2) letters of recommendation from persons familiar with your theatre work; b) a resume of your theatre and theatre related work.

On audition day, present a formal audition/ interview and,

- the **performance** applicant should present two contrasting monologues that best demonstrate his/her performance capabilities. Total audition time should not exceed four (4) minutes. After submission of materials has been received, you will be contacted to schedule an audition time.

- the **design/technical theatre and theatre management** applicant should present his/her work at the audition/interview, using a portfolio of color sketches, models, costume plates, photographs, etc., to support the presentation. A written statement indicating why he/she is interested in design/technical theatre or theatre management will also be helpful.

On-line video and/or taped auditions/presentations/portfolios will be accepted from those who cannot attend. Though it is true that your presence is more effective, we have historically awarded scholarships on the basis of such recorded submissions.

These auditions have no bearing on a prospective student’s application to the College of Charleston and are solely for determining the awarding of our departmental scholarships. These scholarship offers are usually made sometime in March.

Please include the information below in a cover letter included with your application materials:
